MY WORK

REACT-PROJECT

Real Estate

https://realestatesitereact.pages.dev/

In this Reactjs project, I will make an awesome responsive real estate website step-by-step. We learn React hooks, modern CSS, framer motion, and many more. We will use the Swiper js library for the slider to make this site more functional and practical.

WD-PROJECT

univercity

https://rutvikram.github.io/Univercity-site/

in this WD website project, I will make an fully responsive designe using HTML,CSS and Javascript. In this project, I will cerate a multi page website and user friendly interface.
