MY WORK

REACT-PROJECT

Real Estate

https://realestatesitereact.pages.dev/

In this Reactjs project, I have created an awesome responsive real estate website step-by-step. I have learned React Hooks, Modern CSS, Framer Motion and much more. I have used Swiper JS library for slider to make this site more functional and practical.

WD-PROJECT

univercity

https://rutvikram.github.io/Univercity-site/

In this WD website project, I created a fully responsive design using HTML, Modern CSS and javascript. In this project, I have designed multi page website and user friendly interface.
